GARLIC PASTE

GINGER PASTE

PASTE RANGE AVAILABLE:

330gm, 750gm & 1000gm.

Also available in 5kg Bucket for Restaurants, Caterings, and Distributor.

HIMALAYAN PINK SALT

Himalayan salt is similar to common table salt. It is 98% sodium chloride and the rest contains minerals including calcium, iron, potassium, magnesium, aluminum and others.

USES

Himalayan salt is used to add flavor to the food and is healthier than the common table salt / sea salt. It is used to make household utensils such as cooking slabs, shot glasses and serving dishes. In recent years it has also been used to make Salt lamps which releases ions that benefit health.

BENEFITS

Pink Himalayan salt keeps you hydrated and maintains blood pressure. It also strengthens your bones as it contains calcium and magnesium

- Also available in 25kg bag for Distributor.
